

Capitol Flag Flying Policy
Office of the Capitol Commission
Effective: January 2020

Purpose:

This policy is to ensure that the flags flown on the flag staffs at the Nebraska State Capitol comply with the United States Flag Code. The flag code identifies locations and times when flags can or should be flown. Generally, the United States flag should be displayed at or near the entrance of the main administration building of every public institution.

ACE Responsibility:

The Office of the Capitol Commission (OCC) has the statutory responsibility (SS 72-2205) to provide for public display of the United States and Nebraska flags at the main entrance to the Nebraska State Capitol.

Capitol Flag Policy:

1. The United States and Nebraska flags flown at the Nebraska State Capitol main entrance shall be 5' x 8' and displayed year round in accordance with the United States Flag Code.
2. The OCC shall ensure the flags are illuminated during the hours of darkness.
3. The OCC in coordination with Nebraska State Patrol/Capitol Security shall ensure the flags are raised and lowered to half-staff in compliance with the United States Flag Code.
4. The Nebraska Secretary of State, at the Secretary's discretion, may request the Office of the Capitol Commission fly a Nebraska or United State flag for commemorative purposes on a flag pole located at the Nebraska State Capitol. All requests for commemorative flag flying shall be made to the Nebraska Secretary of State's Office.
5. Only United States or Nebraska flags of a standard 3' x 5' or 4' x 6' size will be flown commemoratively by the Office of the Capitol Commission. Commemorative flags shall be provided at the requester's expense. Individuals and groups outside Nebraska State government are limited to one flag per request and a maximum of four requests per year.
6. Commemorative flags will not be flown for commercial purposes and shall not be sold.
7. The OCC will fly commemorative flags during business hours Monday - Friday. Commemorative flags will not be flown in inclement weather, as indicated in the United States Flag Code or on Federal and State Holidays, subject to the other provisions of this policy. A request for a flag to be flown on a specific date will be honored as weather conditions and staffing allow. If staffing or weather conditions do not allow a flag to be flown as requested, the flag will be flown on an alternate date as near to the requested date as possible.
